WellMed Opens Bigger Clinic In Boerne To Serve Hill Country Seniors

Facility Will Have X-ray Room, Same Quality Staff Of Healthcare Providers

Boerne, TX – High quality healthcare is available to seniors in the Texas Hill Country at a new place with a familiar name.

WellMed Medical Group opened the new, larger, more convenient and improved WellMed at Boerne last month. A Patient Appreciation Grand Opening event was held this week, and a private Grand Opening event for vendors, physicians and community leaders is set for Wednesday, June 17.

The 5,000 square-foot primary healthcare clinic is at 124 E. Bandera Road, Suite 102. It is manned by the same 9-employee staff that served patients at the previous WellMed at Boerne clinic on the far end of town on Main Street, with several advantageous differences.

The most obvious change is the size. WellMed at Boerne is almost twice the size of the old clinic, with a spacious lobby featuring a pleasing, plug-in fireplace.

“At WellMed, one of our goals is to have patients wait no more than 20 minutes in the lobby,” says Susan Lee, M.D., lead physician of WellMed at Boerne. “This larger lobby means the clinic staff can more efficiently manage the flow of patients so we can keep that promise to our patients.”

In addition to short wait times, WellMed physicians spend more time with patients, on average, in keeping with the company’s mission to help the sick become well and to help patients understand and control their health in a lifelong effort at wellness.

The staff at WellMed at Boerne - like all WellMed clinics - specializes in senior healthcare. Joining Dr. Lee at WellMed at Boerne is Robert E. Noland Jr., M.D., an Army war veteran who was awarded the Bronze Star for his service during Operation Iraqi Freedom.

Both Drs. Lee and Noland are Board Certified Family Practice physicians. The clinic’s medical staff also includes an LVN, an RN and three medical assistants.

WellMed at Boerne features nine exam rooms and a medical procedure room. For the convenience of patients, labs can be drawn at the clinic, and an X-ray room is coming soon.

WellMed at Boerne continues to offer unique healthcare services such as unlimited complimentary transportation. No-cost prescription medication is available to many qualifying Medicare-eligible seniors through WellMed's award-winning Disease Management program, which focuses on patients with Ischemic Heart Disease, Congestive Heart Failure, COPD/Asthma and Diabetes.

WellMed is the largest primary care provider to seniors in the Greater San Antonio area, serving 1 out of 5 Medicare-eligible seniors in the region. It has more than 30 medical clinics in Texas and Florida, all of which specialize in senior healthcare.

WellMed is an industry leader in medical risk management, highly effective disease management and chronic care programs, healthcare delivery services, and more. The vision of the healthcare company and insurance provider is to change the face of healthcare delivery for seniors.

For more information, call WellMed at Boerne during regular business hours Monday – Friday at (830) 816-2312, or call WellMed at (210) 615-WELL (9355). You can also visit us online at (www.wellmedmedicalgroup.com)

WellMed Medical Management is a diversified healthcare company and insurance provider serving more than 80,000 patients and insured members, mostly Medicare-eligible seniors in Texas, Florida, Arkansas and New Mexico. WellMed is an industry leader in medical risk management, highly effective disease management and chronic care programs, healthcare delivery services, and more.

WellMed is South Texas' largest physician-owned practice management company, specializing in senior health care since 1990. With more than 30 medical clinics in Texas and Florida, the vision of the healthcare company and insurance provider is to change the face of healthcare delivery for seniors.
